## RETIREMENT EDUCATION

We teach you how

7<sup>th</sup> July 2021

To whom this may concern

Eve Berriman has worked for me as an IT consultant from 2017 to 2020. She is principled, responsive, and competent. Her great strength is dealing with challenges in the workplace without getting flustered. I found her thoughtful and careful.

She is a remarkable person and, I believe, will do more than justice to any opportunity she gets a chance to take on.

Yours sincerely

David Lawrence Crawford CFP®

Sole Proprietor
